I DID TIME TOO, BUT I AIN'T AFRAID OF THE COPS. WHY DON'T YOU GO STRAIGHT TOO?

LAY OFF THE LECTURES, NITRO. SOME ROD IS GUNNIN' FOR ME. **WHAT'LL I DO?**

YOU'LL BE SAFE ON THE OTHER SIDE OF THE RIVER. I'LL WALK YOU TO THE BRIDGE.

STOP SHAKING, SNIFFER. WHAT'S YOUR BEEF?

THE COPS HAVE HIRED AN ASSASSIN TO RUB OUT GUYS LIKE ME WHO THEY CAN'T CATCH WITH THE GOODS. I'M BEIN' SHADOWED!

KNUCKLES SHEA GOT PUSHED IN FRONT OF A TRUCK. BEETLE LESTER WAS PUSHED OUT OF HIS FIFTH FLOOR WINDOW. INKY AMOS WAS JOSTLED OFF A SUBWAY PLATFORM IN FRONT OF A TRAIN.

Albert Dorne—probably the greatest money-maker in the history of commercial art. At the height of his career, he began a full-time search for people who like to draw.

He's Looking for People Who Like to Draw

TODAY HUNDREDS of men and women who never thought they could be artists are working happily at easels and drawing boards, making pictures, and getting well paid for it. They all can thank Albert Dorne, a famous artist who devotes almost his full time to helping other people become artists.

Some of the people Dorne has helped

Don Smith of New Orleans is an example. A few years ago, he knew nothing about art, even doubted he had talent. Now he is an illustrator with a large advertising agency.

John Buskett is another. He was a pipefitter's helper in a big gas company. Today he still works for the same company, but as an artist in the advertising department, with a big increase in pay.

Harriet Kuzniewski was bored with an "ordinary" job before she heard of Albert Dorne. Today she does high-style fashion illustration in New York.

With the right training, Wanda Pickulski gave up her typing job to become fashion artist for a local department store,

John Whitaker of Memphis was an airline clerk two years ago. Recently he won a national cartooning contest and was signed to do a newspaper comic strip.

Long before Albert Dorne started looking for people who like to draw, they came to him for advice and help. Since he alone could only help a few of these people he called together America's most successful artists—men like Norman Rockwell, Jim Whitcomb, Steven Dohanos and Al Parker.

A Plan To Help Others

He said, "All over America, there are people who like to draw, who could be turned into good artists. Why can't we give these people the training they need—including all the trade secrets and know-how

we've learned over the years? I'm suggesting a new kind of school—a home-study art school that would give talented people the best professional art training, no matter where they live."

The famous artists agreed. Taking time from their busy careers, they spent several years creating a remarkable series of art lessons covering every aspect of drawing and painting. They illustrated their lessons with over 5,000 "here's-how" illustrations. The lessons start from scratch and cover every skill a top artist needs. Finally, the famous artists developed a wonderful way to bring to each student personal attention and advice every step of the way.

Albert Dorne is not surprised by the success of his students. "The art field is growing. We keep getting calls from all over the country, asking us for practical well-trained students who can step into full-time or part-time art jobs."

Famous Artists Talent Test

To find others with art talent worth developing, the famous artists created a 12-page talent test. Thousands paid \$1 for this test, but now the School offers it free and will grade it free. If you show talent on the test, you will be eligible for training by the School. No obligation. Simply mail coupon. It might be your first step to an exciting, well-paid career in art.

in How to HYPNOTIZE

ENTIRELY NEW METHOD

Until recently the process of hypnotic induction was largely based on trial and error methods which succeeded mainly with subjects who were highly susceptible to hypnosis in the first place. The truth is that these highly susceptible subjects make up a very small percentage of the population. That is why amateurs and beginning hypnotists have so often been disappointed in their attempts at trance induction. Now, however, recent scientific research has developed **ENTIRELY NEW METHODS** that are not only sure fire in their results but quick and easy to achieve! For the first time, these new methods are presented in **HOW TO HYPNOTIZE** in language that you can easily and successfully follow on the very first reading!

Photographically Illustrated

40 photographic illustrations show how you can achieve trance induction in as little as 30 seconds!
